BRIEF PARAGRAPHS.
Dr. Minnegerode, Rev. Mr. Cosby, Mr. McCreole, Thomas, Joyner and Robert Hamilton, of Petersburg, and Dr. Giddings, the Medical Inspector of the late Army of Northern Virginia, his young bride, lately Miss Getty, of South Carolina, have all left this country for a tour in Europe.

Jay Cooke has contributed \$25,000 for the endowment of an additional theological professorship at Kenyon College, and has nominated Rev. Dr. Bronson, rector of the Episcopal Church in Sandusky, to fill the chair.

The Washington Chronicle says that Col. B. W. Hoxsey, of New Jersey, was to have been married, yesterday, at Auburn, near Brandy Station, Va., to a daughter of Mr. John Minor Botts.

The benches of Lincoln's Inn, London, relaxed their rules, so as to allow Mr. J. P. Benjamin, formerly of Louisiana, to become a barrister, practicing in the English courts.

Ten years ago there were not more than three or four thousand acres planted with the vine in the United States, and now there are not less than two million acres so planted.

Secretary Seward seems to be the especial object of Radical abuse, just at this time. We wonder how the Secretary relishes the kindness of his quondam friends?

Mr. Schuyler Colfax, of Indiana, present Speaker of the House of Representatives, has been nominated for re-election to Congress, from his district.

Head Clerk Stephens has been arrested in Boston at the suit of one Sennott, who claims \$400,000 for delivering Fenian lectures. Stephens gave bail.

The recent balloon excursionists, in N. York, came down near the shore in Long Island sound, and were rescued, after a narrow escape from drowning.

We notice in the Virginia papers, every week, sales of land to Northern purchasers, who buy mostly to settle in the State.

The little ship Yankee Doodle, Capt. Hudson, bound for Europe, went to sea on the 9th. She is a mere life boat.

Secretary Stanton has reinstated all the soldiers, 20 in number, recently discharged from the Ordnance office.

The "Prussian Needle gun," is a new weapon making some talk, and will probably soon be making some noise.

The body of Father Gerdermann, recently drowned near Annapolis, has been recovered.

One hundred and fifty Spaniards, expelled from Chili, have arrived in Cuba.

Several persons have recently been killed, at the North, by lightning.

The steamship Java took out \$792,866 in specie.

WHY CHILDREN DIE.—The reason why children die is because they are not taken care of. From the day of their birth they are stuffed with food, choked with physic, suffocated in hot rooms, steamed in bed clothes. So much for the doors. When permitted to breathe a breath of fresh air once a week in summer, and once or twice during the cold months, only the nose is permitted to peer into daylight. A little later they are sent out without any clothes at all, as to the parts of the body which need most protection. Bare legs, bare arms, bare necks, girded in the middle, with an inverted umbrella to collect the air and chill the other parts of the body. A stout, strong man goes out on a cold day with gloves and overcoat, woolen stockings, and thick double soled boots. The same day a child of three years old, an infant in flesh and blood, and bone and constitution, goes out with socks as thin as paper, cotton socks, legs uncovered to the knees, neck bare; an exposure that would disable the nurse, kill the mother in a fortnight, and make the father invalid for weeks. And why? To harden the child to a mode of dress which they are never expected to practice. To accustom it to exposure, which a dozen years later would be considered down-right folly.

The Richmond Whig says:—"We are no longer politicians in the South, nor does it become us in our present forlorn and disfranchised condition to meddle too much with public affairs. The decrees of the Radical party stand against us; the decrees of war stand against us. Our theories of government have been lost. We must accept such as are dictated to us. If a revolution in political theories is to be effected, it should be effected in the North, and the part we are to bear in it should be modestly borne."

Gov. L. Q. C. Lamar recently delivered a literary address, in which he said:

"He did not think that there was even the shadow of the doctrine of State rights left, and he deemed it cruel to delude the people with false views as to our present status, and with false hopes as to the future. He could see no liberty where a political line was drawn with right on the one side, and on the other power. He was of opinion that all that is left for the South is the moral and intellectual culture of the people; and these were worthy her highest efforts."

THE VIRGINIA IMMIGRATION SOCIETY.

Incorporated by the General Assembly, and authorized exclusively of **VIRGINIAN PROPERTY HOLDERS.** Have determined to send at once to Europe one of their Directors to secure the tenants and laborers required in this State. Their Commissioner, who is now arranging to embark for Great Britain, will be empowered to contract with reliable tenants in Europe for the lease of lands, either in large or small tracts. Land owners who wish to rent their lands are invited to communicate with the Secretary, at the office of the Society in Lynchburg, who will furnish the necessary forms of power of attorney and contract, to be signed by them and the immigrants. Each application must state what rent will be required, and whether in money or part of the crop. Our Commissioner will go out accredited as the agent of the Virginian landholders, proposing a fair remunerative contract to persons who wish to come to this country, and will take active and energetic measures to place before the proper classes the advantages of the locations which we propose.

Farmers and others wishing to employ selected laborers, are invited to avail themselves of this organization and communicate with the Secretary. A Land Register will be kept in the office of the Society, where will be registered descriptions of lands for sale or lease, in any part of the State, which will be brought to the notice of all immigrants and others desiring calling at the office, as well as extensively advertised in this country and abroad.
